

Tailoring Luxury Homes

About

Who we are:

We are a family run interior design business, based in Donnybrook, Dublin. Daniel TS Walsh founded Walsh & Co. in 1989 after many years in the design industry. We are now a 20 - strong team of designers and craftsmen. Run by Daniels daughter, Meaghan, pictured above.

What we do:

We take your project from conception to completion, and manage everything along the way. We take great care in selecting the right design for everyone that we work with. We source beautiful furniture and lighting to ensure a bespoke finish. We even have our own range of paint for you to choose from.

At Walsh & Co, your safety comes first.

For this reason we are limiting our appointment system to only three customers in the showroom at any one time.

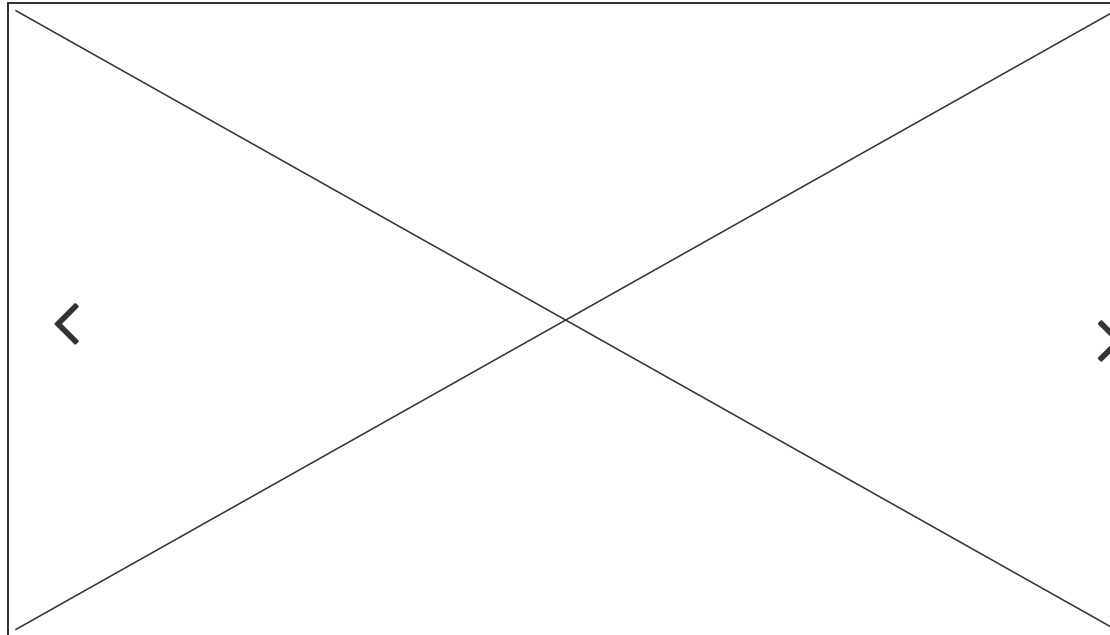

For a dedicated one to one appointment with a member of our interior design team, please [book here](#).

What To Expect

Interior Design Steps

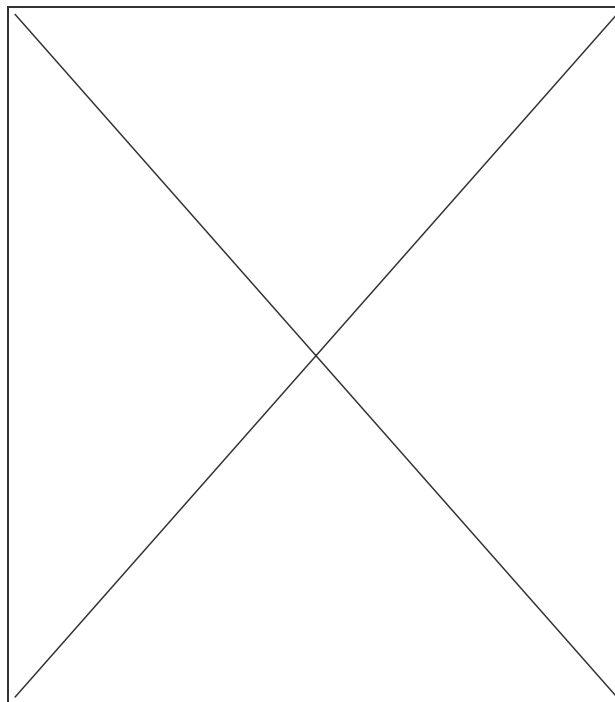

The first stage includes concept design, moodboards, furniture suggestions and layouts. We will discuss budgets, and create a price plan. Feel free to bring along samples or inspiration photos.

The second stage includes detailed design with finalised mood boards, room by room layouts, joinery drawings, furniture suggestions, lighting plan and specifications, fabric and colour scheme selections. All of our accessories are available to view in our showrooms.

The last stage includes putting our carefully curated plans in place. You can rest easy, knowing that your home is in safe hands. When you see it again, it will be the home of your dreams.

Costs

Prices start from €250 for 2-hour styling of your home (depending on size and number of rooms) plus €75 per hour thereafter if needed. Accessories priced separately. Delivery cost to be confirmed based on the size of items to be installed.

Paint Colours

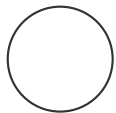

We are excited to share our very first paint collection with you. Exclusively curated by our team in conjunction with Farrow & Ball.

Call into your local stockist for a sample pot, or paper swatch today!

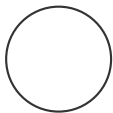

Do you have an item that you just love the colour of? Bring it along and we will use our Spectrometer to scan it and create your very own, unique paint.
